Revision History		
Rev. No.	Date	Changes
1.0	15Feb2016	Initial Release

This document details the specifics of the BPL Lifephone Plus white labelled application.

Application Details

APK Name	TricogConsumerApp.TG.1.00.apk
Package Name	com.LpppBplWL.android.userapp

Output File Details

```
Type : XML

Example File Name: LppMeasurement 15-02-2016 18:54:42.xml

Sample Example for ECG
```

```xml
<?xml version="1.0" encoding="UTF-8" standalone="true"?>
- <EcgMeasurementsRoot EcgMeasurementRootRecordsSize="12">
    - <EcgMeasurements1 EcgMeasurementRecordNo.="1">
      - <EcgMeasurementLeads code1="code1">
            <MeasurementId>0</MeasurementId>
            <Symptoms>[]</Symptoms>
            <Duration>10</Duration>
        - <MullLeads MullLeadRecordSize="1">
          - <MullRecords code1="code1">
                <Lead>LEAD I</Lead>
                <TimeStamp>1455542601000</TimeStamp>
                <StepNum>1</StepNum>
                <EcgStrip>[-6, -2, 6, 8, -3, -13, -11, 1, 8, 0, -10, -8
                    -6, -10, -2, 9, 8, -4, -10, -2, 10, 10, -2, -8, -2, 
                    -10, -9, 2, 10, 4, -8, -8, 2, 10, 3, -8, -11, -3, 5,
                    -10. -5. 7. 8. -3. -11. -7. 5. 7. -3. -12. -8. 3. 6.
```

Integration Procedure Call

```java
public void openApplication(Context context,String packagename)
{
      Intent intent = context.getPackageManager().getLaunchIntentForPackage(packagename);
      if(intent!=null)
      {
            context.startActivity(intent);
      }
      Else
      {
            Display any message (i.e app not found)
      }}
```
